4 Work declared to be excluded from the definition "residential building work"
   The following work is declared to be excluded from the definition of residential building work in Schedule 1 to the Act:
   (a) excavation work, being work involved in the removal of earth or rock to previously determined excavation lines and levels to form a hole or trench for structural supports, walls, or floors of a building, or in preparation for structural landscaping work,

(b) the contract may exclude a claim for such loss or damage as could be reasonably expected to result from fair wear and tear of the building work covered by the contract or failure by the beneficiary to maintain the building work,

(c) the contract may exclude a claim in relation to a defect in, or the repair of damage to, major elements in the non-residential part of a building that supports or gives access to the residential part, unless it is a defect or damage that adversely affects the structure of the residential part or the access to it,

(2) A provision included in an insurance contract under this clause does not limit the operation of any provision included in the insurance contract to the effect of a provision required to be included by clause 44.

Division 4 Amount of cover

41 Amount of cover where one or more dwellings

An insurance contract may provide that the minimum amount of cover otherwise payable under section 102 of the Act or this Regulation, in respect of a dwelling in a building or complex containing more than one dwelling, may be reduced by not more than an amount calculated by dividing the amount of any claim paid by the insurer in relation to common property of the building or complex by the number of dwellings contained in the building or complex.

42 Minimum insurance cover

(1) For the purposes of section 102 (3) of the Act, the amount prescribed is $340,000 in relation to each dwelling to which the insurance relates, subject to clause 43 (Requirements for insurance for residential flat buildings).

(2) An insurance contract must provide that the minimum amount of cover payable is to be the amount provided for from time to time by the Act and this Regulation.

(3) Subclause (2) does not prevent an insurance contract from providing for a minimum amount of cover that exceeds the amount referred to in that subclause.

(4) An insurance contract that is entered into using any existing stock is taken to refer to the amount of cover that is, for the time being, the amount provided by or under this clause.

(a) except as referred to in paragraph (b), not later than 6 months after the beneficiary first becomes aware, or ought reasonably to be aware, of the fact or circumstance under which the claim arises, or

(ii) the date provided in the contract for commencement of work, or

(iii) the date work ceased, whichever is the later.

(2) However, an insurance contract may contain a provision extending the time within which notice of a fact or circumstance may be given or enabling the insurer to waive or extend the time within which notice may be given.

(3) If a beneficiary gives notice of a loss (the notified loss) to the insurer, the beneficiary is taken for the purposes of a provision included in an insurance contract pursuant to this clause to have given notice of every loss (a related loss) that was caused by the same defect as caused the notified loss, whether or not the claim in respect of the notified loss has been settled.

(4) The giving of notice of or the making of a claim for the notified loss does not constitute the giving of notice of or the making of a claim for any related loss for the purposes of sections 103BA–103BC of the Act, and those sections are not affected by this clause or any provision included in an insurance contract pursuant to this clause.

45 Refusal of insurance claims

(1) For the purposes of making an appeal against a decision of an insurer, an insurance claim is taken to have been refused if written notice of the insurer’s decision is not

(2) Nothing in subclause (1) limits the time within which an appeal may be made if a claim is taken to have been refused because of the operation of clause 45 and written notice of a decision has not been given to the beneficiary.

(3) However, an appeal may, with the leave of the Tribunal or court, be lodged with the principal registrar of the Tribunal or court after the end of the period referred to in subclause (1), if:
   (a) an application is made to the Tribunal or court for leave to lodge the appeal out of time, and
   (b) in the opinion of the Tribunal or court, there are special circumstances to grant leave, and
   (c) the Tribunal or court grants leave.
