Subject: Support for opening Woolworths Jindabyne Easter Sunday 2019
To: Woolworths Jindabyne [REDACTED]

Hi [REDACTED]
Nuggets Crossing Centre Management is in full support of Woolworths Jindabyne opening on Easter Sunday. Jindabyne is continually growing as a Tourist Destination of choice by thousands of people each holiday period. Easter is now one of our busiest periods because of the coming together of multiple sport and cultural events. Woolworths is the anchor business in our shopping centre and the only full grocery store in our town and area under 40 minutes' drive. The other small businesses in the centre struggle to provide the essentials required to this multitude of visitors when Woolworths is closed. We do not have anyone else that provide the basics covered by the store. In the past the centre's smaller stores have been the recipients of verbal abuse and much disappointment from tourists as they need to express their displeasure to someone. If it is at all possible for Woolworths Jindabyne to trade on Easter Sunday it would be big boost to the other businesses in the centre and a welcome relief to the thousands of holiday makes especially those camping and staying at the tourist parks.
