Subject: Keep the painting license

I do not support to remove painting license.

As we know there are lots of people who do not have visa to give them right work in NSW. Very large portion of them work as painters and do not have licenses because the reason mentioned above. But the way they do in the painting and decoration ruin the whole industry like work unsafely, let the owner exposed to asbestos, beat the price incredibly low, never fix the problems they leave to the customers because they lack of professional knowledge. Removing the painting license will definitely aggravate this phenomenon and ruin the whole painting industry in NSW. Customers can not identify who is a professional painter that supply them a high quality painting service which means safe and low-cost for them.

Jack
