

Hon. Geoff Provost MP, Member for Richmond

103 Minjungbal Drive

Tweed Heads South. NSW 2486

8 August, 2019

Dear Honorable Geoff Provost

Retirement Villages Exit Entitlements and Recurrent Charges Cap

As residents of the Banora Point Retirement Village, we are seeking your help.

On 9 July 2019, Minister for Better Regulation and Innovation, the **Hon Kevin Anderson** released a Discussion Paper inviting submissions from the public as to how the Government should proceed with its announced intention to:

- Introduce a 42 day limit on the length of time retirement villages can charge for general services after the departure of a resident; and
- Mandate that exit entitlements be repaid within 6 months of a resident moving out of a village in metropolitan areas and 12 months for regional areas.

These reforms were a recommendation of the Greiner Inquiry into the Retirement Village Sector in 2017 and, as an election commitment before State Elections last March, the Government undertook to implement them.

Upon release of the Discussion Paper, we have been horrified to learn that there is some suggestion that the reforms may be "grandfathered," that is, made applicable to residents of retirement villages who enter into residential contracts after the reforms come into effect. Existing residents, the ones who are suffering from the current unfair laws, would get no benefit or relief.

If "grandfathering" were allowed to happen, it would be a tragedy. The Government made an election pledge that the reforms would be implemented without one word that the voters to whom the pledge was made would be excluded from the benefits. We would not like to have been misled into thinking that there was a well deserved and sorely needed relief measure in the offing, when there was not.

We look to you to do what you can to resist any attempt to "grandfather" these reforms when they are referred to you for Parliamentary consideration. The Government needs to honour the unambiguous undertaking it gave in this matter, and your assistance will be highly valued in ensuring that it happens.

We would also like it to be clarified as to whether this promise is to apply to both strata and leasehold residents.

Yours Faithfully
